Teaching Quality and Curriculum:

Please comment on teaching pace (too fast? too slow?), whether dances selected were appropriate skill level, quality of teacher's attention to students of varying skill levels in class, and whatever you feel motivated to say about teaching

| <p>Always a great class!
 All good
 Very good for complete beginners. Going over step turns maybe a bit too much

Music Selection and Sound System:

Please comment on music selection: Did you like songs selected, volume, quality of sound? Any other comments regarding sound? Any song requests?

- I prefer the classics ~ not the C/W ones, the others, but not a major point
 Nice to be able to slow down music. Would like to go through dances at speed without voice direction
 Fine
 Love the variety and choices you make
 Loved Tom Rigney and Travis Tritt angry waltz tune and Texas Cha Cha to Margaritaville
 They are fine

Demo Team and YouTube Presence:

Please comment on your experience as a demo team member and an anything you would change about it. If you have not participated, what would need to change to encourage you to participate?
More practice for demo team ... we look to good to seem like we haven't practiced much, but not good enough to look like we did practice. Does that make sense? [Yes, thank you, I'll be thinking of what to do about this.](#)
YouTube was fun ... glad to help there.
I liked it!
As a demo team member, I like the idea of seeing how I dance on YouTube; it's a great experience.
I love it – would love to do more demos
